FEES AND CANCELLATION POLICY

Thank you for choosing East Asian Medicine for your health care needs. I appreciate your trust and strive to make your treatment experience the best possible. My goal is to provide you with excellent care. Payment is required at the time of service in the form of cash, check or debit/credit card. As the client, you are responsible for the cost of the office visit, services provided, dispensary items purchased, and any laboratory costs incurred.

I am a preferred provider for several insurance plans; a bill will be provided for you to submit to your health care insurance plan if your health insurance has out-of-network services. I will bill your insurance for you if your plan covers for acupuncture, and I am an in-network provider for them.

If payment is not received within 30 days, and no payment arrangement has been made, a \$10 fee may be charged for each month payment is late.
